If you want to authorize the Canada Revenue Agency to discuss this form with a representative, attach a completed Form T1013, <i>Authorizing or Cancelling a Representative</i> , unless you have already filed that form. If you want your representative to be able to sign for you, include a copy of the power of attorney document that states your representative can sign for you for income tax purposes.		

## Instructions

### General

- As a non-resident of Canada, you are subject to a 23% tax on income paid or credited to you or paid on your behalf from film or video acting services you provide in Canada (including residuals and contingent compensation).
- Send this completed form with your payment to:  
  
Revenue Processing  
Canada Revenue Agency  
875 Heron Road  
Ottawa ON K1A 1A2
- We have to receive your tax payment by the 15th of the month after the month income is paid or credited to you. We may charge interest on late payments. Make your cheque or money order payable to the Receiver General for Canada.
- Generally, the tax described above is your final tax liability to Canada on the income. However, you may choose to file a Canadian income tax return after the end of the tax year if you want to pay tax on your net income at a graduated individual or corporate rate (which may be beneficial for you). If you make this choice, you still pay the 23% tax on your income when you receive it during the year **and**, at the end of the taxation year you report all your income earned in Canada during the tax year on a Canadian income tax return: if we determine that you paid too much tax, we refund it to you. We have to receive your return by the filing **due date**, otherwise, only the rate of 23% applies. For more information, go to our Web site at [www.cra-arc.gc.ca/tx/nnrstdnts/film/ctrs/menu-eng.html](http://www.cra-arc.gc.ca/tx/nnrstdnts/film/ctrs/menu-eng.html) and click on "Actor's election to file a return".

When you perform acting services through your corporation, your corporation may make a payment to you for your services and file a corporate income tax return. In that case, you have to file an individual income tax return for the income your corporation pays to you.

- For more information or to find out if filing a return is beneficial for you, contact one of our **film services units** by going to our Web site at [www.cra-arc.gc.ca/tx/nnrstdnts/film/menu-eng.html](http://www.cra-arc.gc.ca/tx/nnrstdnts/film/menu-eng.html) and clicking on "Film Service Units".

### Non-resident actor identification

Enter the information requested. If you have not paid Canadian non-resident tax before, or if you do not have a valid Canadian non-resident tax account, contact the Non-resident Withholding Division (NRWD) of our International Tax Services Office at **1-800-267-3395** (toll free within Canada and the U.S.). From other countries, call **613-952-2344** (we accept collect calls).

### Payer identification

Enter information on the person or company that pays you according to the contract you signed. This could be a production company or a film studio. If the payer hired a payroll company to issue the payments and report them for tax purposes, please provide the name of the payroll company as well.

### Income identification

Enter the **date** and the **amount** for each type of payment you received and attach any supporting documentation (e.g. cheque stubs, contract or tax slip). Enter the **amount** of the payment for services provided in Canada. If you provided services in more than one country, and you allocated the income between the countries, provide the details of your calculation on a separate sheet. Enter the province or territory in which you provided the service. For more information on allocation of income, please visit our Web site at <http://www.cra-arc.gc.ca/tx/nnrstdnts/film/ctrs/llctn-eng.html>.

The total income you received will be automatically reported on line **a**, and multiplied by 23%. Enter on line **d** any tax that your payer already withheld. You will only be allowed to claim the tax withheld as a credit, if you attach supporting documentation. The tax withheld will be subtracted from the tax due to determine the amount of non-resident tax you owe. If you expect to receive similar payments during the year, select "Yes". If not, select "No".
