

## DETAILS OF THE FLOW-THROUGH SHARES (FTSs) AND FLOW-THROUGH WARRANTS (FTWs) SUBSCRIBED

- If you need the instructions, ask for Form T100, *Instructions for the Flow-Through Share Program* or visit our Web site at [www.cra.gc.ca](http://www.cra.gc.ca).
- To identify the subscribers complete this form.
- A corporation filing Form T100B should send it directly to: Canada Revenue Agency, Other Programs Unit, Data Assessment & Evaluation Programs Division, 875 Heron Road, Ottawa ON K1A 1A2
- On this form, legislative references are to the *Income Tax Act*, and regulatory references are to the *Income Tax Act Regulations*. A T100 identification number will be assigned for each issue sold in different calendar years or for sales extending over 90 days.
- The assignment of the identification number is for identification purposes only. It does not imply that the shares are flow-through shares, that the agreement or the expenses meet all or any of the requirements of the *Income Tax Act* with respect to flow-through shares, or that we accept the allocation of the price between the shares and the warrants. The corporation may be subject to an audit.
- The information on this page pertains to the actual amounts raised. If that information is not available when Form T100A is filed, Form T100B should be filed as soon as the total amount raised is known.
