No. 222

August 2007

## **Implementation of the Kwanlin Dun First Nations Goods and Services Tax (FNGST)**

Effective August 20, 2007, another Yukon First Nation with a final agreement, the Kwanlin Dun First Nation, has imposed a First Nations Goods and Services Tax (FNGST) on their settlement lands.

As the FNGST is designed to work within the GST/HST framework, no additional forms or changes to registration will be required and vendors will simply apply the FNGST in the same manner as the GST/HST.

Additional information on FNGST can be found in the publication, *First Nations Goods and Services Tax (FNGST)* (RC4365) and the GST/HST Notice 143R4 *Application of GST/FNGST to Yukon First Nations and their Members*.
